

## MYSTERY IN DEATH OF INDIANA SHERIFF

Woman Held in Jail Says She Did Not Kill Official

GREEN HAUTE, IND., Sept. 15.—"I didn't kill him! I didn't kill him!" uttering this cry, a "woman of mystery" whose strange story today opened up new avenues of investigation in the death of an automobile crash of Sheriff Mitchell, of Vigo county, who was killed last night when the roadster in which he, another man and a woman were riding, plunged from the roadway down an embankment near Clinton. The machine fell upon the sheriff. The other man and the two women were painfully injured. Sheriff Mitchell was driving rapidly, it was said, and until the dramatic entrance into the case of the "mystery woman" it was thought the crash was accidental.

"I didn't kill him," the mystery woman protested. "I was in the car following Mitchell's machine. But I meant to kill him. I hated him."

The woman's incoherent story is puzzling.

A meeting of competency officials was held today to choose a successor to Mitchell. It was believed Corner Charles Fortune would be selected.

## ANTICIPATE HITCH IN IRISH PEACE

Sinn Fein Cabinet Goes In to Session This Morning

DUBLIN, Sept. 15.—Joseph McGrath and Harry Boland returned today with Emmet de Valera's latest peace note which Premier Lloyd George had refused to accept until it was revised and modified. The Sinn Fein cabinet went into session at 11 o'clock at Mansion House to discuss the situation.

The Irish newspapers intimate that a most serious hitch has occurred in the peace proceedings, but they refuse to comment editorially.

When the republican cabinet went into session it was said that the text of de Valera's letter might be made public this afternoon.

The Sinn Fein chieftain refused to comment upon the new developments. They intimated the situation was so delicate they feared that any might compromise it still further by talking.

There is much significance in the fact that de Valera will not be a member of the Irish delegation if the peace conference is held as planned. Arthur Griffith, the chairman and Michael Collins, commander-in-chief of the Irish republicans, who were nominated by Dail Eireann as two of the members are known as two of the most radical leaders among the Sinn Feiners.

Attorney Clarence W. Force, who was operated on for a growth in his nose, is recovering rapidly and will probably be able to resume his practice within a few weeks.

Mr. Force who is a partner in the law firm of Withersmuth and Force, left Gary a week ago for Indianapolis where he intended to have two operations, one for a growth in his nose and another for appendicitis. The nose operation was more serious than Mr. Force contemplated it would be, and after that operation, Mr. Force was too weak to undergo another one for appendicitis.

Mrs. Force is in Indianapolis with her husband.

## NURSE INDORSES FAMOUS NERV-WORTH

Says That It Does All That Is Claimed For It. Quits the Nerves, Aids Digestion, and Produces Restful Sleep.

"I recommend Nerv-Worth because of the fact that it certainly does benefit me when I become nervous and tired out after a long term of nursing." Thus wrote Claire Childers, a Parkersburg, W. Va., nurse some time ago, and she continued, "In my business it becomes necessary to lose lots of sleep, and requires many hours of constant watching, which wears on the nerves. Nerv-Worth does all that you claim for it. It quiets the nerves, aids digestion, and produces restful sleep." The above is an endorsement from a woman whose profession constantly throws her in contact with

medicines and their uses, and various kinds of sickness. A nurse does not recommend anything that is not good, and their professional knowledge makes their recommendation worth while. Nothing needs to be added to the above statement, as it tells fully what Nerv-Worth does. If you suffer from nervousness, sleeplessness, stomach trouble or their attending ills, give this famous preparation a trial, and if your first trial bottle does not prove that it is helping you, your money will be refunded. You will finally come to Nerv-Worth for real results, so why not start now? Be sure to get the genuine Nerv-Worth in the large, round bottle. Price \$1.00 plus war tax. ## SINCLAIR CO. TAKES OVER PIPE LINES

NEW YORK, Sept. 15.—Sinclair Consolidated Oil Corporation officials in New York yesterday confirmed the report from Tulsa that the Sinclair Pipe Line Company has taken over all connections of the Texas Company in the Bird Creek district in Oklahoma through the purchase by the Sinclair interests of the Texas Company's gathering system in that section.

Tulsa advices were to the effect that the Sinclair company had also taken over the Texas Company's connection in the Eastern Osage district in Oklahoma, but this could not be confirmed. It is reported that the deal involved some seventy or more connections with daily runs of approximately 1,000 barrels.

Through this arrangement the Sinclair Crude Oil Purchasing Company is buying oil from the former customers of the Texas Company in that section. Some time ago Sinclair interests took over gathering lines of the Gulf Pipe Line Company in the Osage and North Tulsa county oil fields involving connections with about 150 oil producing companies.
